

# Radio Rally!

**1PM-4PM Saturday November 16, 2019**

A Road Rally and Scavenger Hunt using Ham Radio  
Brought to you by Jay & Liz McClellan, K8DC & K8DCL

Teams of 2 or 3 drive to checkpoints and compete to solve puzzles, find items and answer questions while communicating with a Net Control Station.

**\$100 cash prize** will be awarded to a charity chosen by the winning team.

No experience? No radio? No license? No problem!

Non-hams are welcome to team up with licensed operators and get on the air.

Teams get a bonus for having any non-licensed person talk on the radio.

If you don't have a team that's fine, we'll pair folks up before the event starts.

Each team needs only a vehicle and a mobile or handheld radio.

It's not a race so any vehicle is fine and no special driving skills are needed.

**Starting & Ending Location:** 5475 Darby Rd, Saranac MI 48881

Snacks and refreshments will be served afterward.

**Event repeater:** WA8RRA 444.725MHz +, PL 94.8 Hz

To register or for more info, just email your name and call sign (if any) to **K8DC@ARRL.NET**. Walk-ins are welcome but by registering you'll get updates and important details ahead of time.
